# What is Home School Family Camp All About?

Home School Family Camp is about home school families getting away to spend time together. It's relaxing like a vacation, but you also get to do lots of cool stuff like the Challenge Course, Archery, and Creek Hikes. Families also get a chance to learn about God's Creation together through Outdoor Learning Labs taught by our Outdoor Education Instructors.

## Great Learning EXPERIENCES FOR EVERYBODY

You will have lots of chances to learn together! Learning about wildlife in our creek, building a fire with flint & steel, and nature hikes are just a few of the options!

## SOMETHING fun for all ages

Between the Creek, Canoeing, the Challenge Course, Disc Golf, Archery, Riflery, Arts & Crafts and all the other things to do at camp you will not be bored.

## NOT EXACTLY Roughin' it

At NLR you get great food served in our Dining Hall (you don't even have to clean up!) and your family will have an air conditioned cabin. We'll be there to make sure your stay is comfortable.

## RELAX do what you want

We're laid back at NLR. We want Home School Family Camp to be what your family needs. So, if you need a nap, that's fine. But we will be just as glad to send you flying down the Zip Line!
